## Summary

---

To Contribute as a dynamic and motivated Software Developer by leveraging my proficiency in Java and Full Stack Development. I would like to create innovative solutions, enhance user experiences, and drive success in collaborative team environments while continuously advancing my technical skills and contributing to impactful projects.

## Education

---

**Bachelor of Technology** – Information Technology

2020 – 2024

- Mohamed Sathak AJ college of Engineering
- CGPA: 7.64/10

## Skills

---

**Technical skills :** Java, HTML, CSS, JavaScript, SQL

**Domain :** Full Stack Development, Web Development , Software Development

**Tools :** Github, Eclipse, VS Code

**Soft Skills :** Problem-Solving, Adaptability, Quick Learner, Communication, Collaboration

**Languages :** English, Tamil

## Projects

---

### Third Eye

[Github Link](#) 

- Developed an innovative assistive system to enhance the lives of visually impaired individuals.
- The system integrates real-time facial recognition, object detection, and optical character recognition (OCR) by capturing upto 200 images, providing auditory feedback for information access.
- Tools used : OpenCV, PyAudio, and Tesseract OCR

### Face Recognition Attendance System

[Github Link](#) 

- Developed an automated attendance system to streamline the attendance process using facial recognition technology.
- The system captures and identifies faces in real-time, compares them against a pre-registered database, and records attendance with timestamps in a CSV file.
- Tools Used: Python, Excel

### Invoice Generator

[Link](#) 

- Developed an open-source and responsive invoice generator that streamlined invoicing processes for small businesses.
- Enables users to dynamically add and remove invoice items, automatically calculate totals including GST, and print a styled, professional invoice.
- Technologies used : HTML, CSS, Bootstrap, JavaScript

## Certifications

---

- Pursuing Full Stack Development in Besant Technologies
- Full Stack Development by Guvi
- Technical Careers Training Program from TNS India Foundation
- Java Training by Spoken Tutorial from IIT Bombay
